

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

B.T.U. PIPELINE, INC.)	
_____)	CASE NO. 95-513
)	
FAILURE TO COMPLY WITH)	
KRS 278.230(3))	

O R D E R

On November 20, 1995, the Commission entered an Order requiring B.T.U. Pipeline, Inc. ("BTU") to show cause why it should not be subject to penalties for failure to comply with KRS 278.140 and 278.230(3). KRS 278.230(3) requires every utility to file with the Commission any report or other information that the Commission reasonably directs. Commission regulation 807 KAR 5:006, Section 3(1), requires every utility to file with the Commission on or before March 31 of each year, for the preceding calendar year, financial and statistical reports of its utility operations on forms furnished by the Commission.

In its Order of September 21, 1994, the Commission found that BTU was a natural gas utility,¹ and that BTU should have filed its report for the period September 1994 through December 1994. However, the Commission found in Case No. 92-220 that there had been a misidentification of the true name of the utility. The Commission now finds that there was not a willful violation of 807 KAR 5:006, Section 3(1), by BTU Pipeline, Inc. and that annual reports have been properly filed by BTU Gas Company, Inc.

¹ Case No. 92-220, An Investigation of Richard Williams d/b/a B.T.U. Pipeline, Inc. and M5-A1, Inc.

IT IS THEREFORE ORDERED that this case is dismissed and is hereby removed from the Commission's docket.

Done at Frankfort, Kentucky, this 6th day of July, 2000.

By the Commission
